EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Robert O'Rourke (46,972) on 02/27/2008.

The application has been amended as follows:

In the specification:

In the specification, please amend page 58, lines 4-8, as follows:

"For example, a machine readable medium includes storage media, such as read only memory (ROM); random access memory (RAM); magnetic disk storage media; optical storage media; flash memory devices[[:]], or transmission media, such as electrical, optical, acoustical or other form of propagated signals (e.g., carrier waves, infrared signals, digital signals, etc.); etc."

In the claims:

In Claim 46, line 1, after "readable" please insert "--storage--".

Reasons for Allowance

2. The following is an examiner's statement of reasons for allowance: The primary reasons for allowance include applicant's remarks (11/05/2007) pages 17-19. Particularly, applicant highlights the pertinent claim language that can be found in each independent claim. The highlighted subject matter is directed towards performing creating, maintaining, issuing, determining and reissuing elements at a client transport layer. The examiner agrees that these elements when performed at the client transport layer, provide for novel features over the prior art. As such, the examiner finds the claimed subject matter to be novel and non-obvious in view of the prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Examiner Comments

3. The examiner notes that the examiner's amendment avoids a potential 35 USC 101 issue.
4. The objection to claim 1 is withdrawn based on applicant's amendment.
5. The rejection of claims 1, 16 and 46 under 35 USC 112, first paragraph, is withdrawn based on applicant's amendment.
6. The IDS filed 11/05/2007 has been considered by the examiner.
